Subject: Draft Comprehensive Plan Review - Transportation Chapter

Dear Ms. Weidman,

Our office greatly appreciates the opportunity to work with our municipal partners in the drafting of community comprehensive plans and we are pleased to notify you that our office has completed its review of the draft Transportation chapter of the Charlestown Comprehensive Plan.

As with other draft material you have provided to us, this chapter is clear, well-written, and, pending the finalization of the Transportation Systems Map, would not present any obstacles to State-approval. The only suggestion we would like to offer for your consideration is whether you'd like to include a listing of Principal and Minor Arterials in the "Roadway Network" section as you did with the listing of and Major and Minor Collector Roads.

In this review, we have attempted to identify any approvability issues regarding the material provided but there are some items, such as requirements related to the plan's internal consistency and completeness, which cannot be fully evaluated until a full draft is furnished. At the appropriate time, we encourage the Town to provide us with the full final draft for review. As always, please feel free to contact Kevin Nelson, Supervising Planner with any questions, concerns, or requests that you may have at 222-2093 or at [kevin.nelson@doa.ri.gov](mailto:kevin.nelson@doa.ri.gov).

Yours truly,

Parag Agrawal, AICP  
Associate Director
