Ninigret Park Events Policy

Town of Charlestown – Parks & Recreation Department

Purpose:

The purpose of this policy is to establish standards for liability insurance covering all events held at Ninigret Park.

Policy:

The Town of Charlestown hereby mandates that all vendors and individuals authorized by the Parks and Recreation Department to utilize Ninigret Park must possess the necessary liability insurance. This requirement is designed to mitigate the Town's liability exposure.

Mission:

The Town of Charlestown is designated to offering a safe and secure recreational space for all visitors and vendors attending events at Ninigret Park. Through the devoted efforts of our staff, we guarantee that attendees feel secure at our various events. Our commitment to planning encompasses securing the required liability insurance to protect both the Town of Charlestown and all those who cherish and enjoy everything our wonderful park has to offer.

RI Interlocal Trust:

The Town of Charlestown is a member of the RI Interlocal Trust, a legislatively established organization operating on a member-owned, risk-sharing model. This framework allows Rhode Island municipalities, school districts, and special purpose districts to collaborate and self-insure against risks collectively. Within this framework, the Town seeks guidance from the Trust regarding recommended coverage for entities utilizing Ninigret Park. The following recommendations are provided by the RI Interlocal Trust and should serve as guidance when determining the appropriate amount of insurance.

Insurance Recommendations:

If the Event Organizer maintains broader coverage or higher limits than the minimum recommended limit, the recommendation shall not limit the coverage available. The Town of Charlestown will be entitled to the coverage maintained by the Event Organizer/Host. In addition, the failure to request evidence of insurance from the Event Organizer/Host shall not waive the Event Organizer's obligation to provide coverage.
